GREAT CRASH IN JEWELRY.

P. Johnson, the Inventor of the Return Postal-Card, Failed for \$80,000. Special to the Indianapolis Journal.

LAPORTE, Ind., Nov. 10 .- J. P. The liabilities are \$80,000; assets estimated, good and bad. at the same amount. Johnson sold jewelry at wholesale on the \$60-package plan, and his trade was mostly in the South. Big Failure in the Woolen Trade. NEW YORK, Nov. 10.-The sheriff to-day received an attachment for \$25,680 against Joseph P. Murphy has been in the business six years. In February, 1890, he made an assignment to H. B. Hamill and John J. McDonald, with liabilities of \$482,000 and assets of \$272,000. He obtained a compromise at 40 cents on the dollar. Charles A. Furbush, of Philadelphia, is said to be the largest ereditor, his claim being about \$200,000, Murphy's liabilities are reported to be

Report that the Elwood Tin-Plate and Glass-Works Has Suspended Was Unwarranted.

Special to the Indianapolis Journal. ELWOOD, Ind., Nov. 10 .- The sensational reports regarding the closing down of the tin-plate and plate-glass-works of Elwood sent out by the Associated Press last night, are exaggerated very much, and are calculated to reflect on the prosperity of this city. The tin-plate-works closed down Tuesday night. This was done for repairs. For some time past the management of the works has been figuring on making some improvements and necessary repairs. This work should have been done two or three weeks ago. Some of the stockholders were in favor of making the repairs then, but it was decided to postpone it until after the election, as perhaps the Democracy would use it for political purposes and claim that the concern had failed Therefore the delay in repairs. The factory, with its buildings and costly machinery, is a permanent institution of Elwood. Tin-plate as fine in quality and as low in price is being made here, in quantities exceed-ing one thousand boxes per week. You cannot find any tin-plate stock for sale. It is worth one hundred cents on the dollar. The plate-glass-works, the largest coneern of the kind in the world, is running

the same as usual, night and day. Tuesday night one furnace was stopped for repairs, merely; this and nothing more. It is not an unusual thing, and had it been done at any other time than on the day of election it would have been given no notice whatever by any sensible person. The sensational reports are preposterous. Every one knows that a change of administration will not take place for months, and then it will be time to take action in the matter. Our city has been done an injustice by the telegrams sent out. There can be no doubt, in fact there is no doubt, that if the tariff be removed from tin-plate and plate glass that the reduction must come from the wages of the workmen. The factories will continue, but the policy voted on the people by the Democracy will only serve to curtail the wages of the men who work in the mills. The success of the Democratic party cannot close these manufactories. It can only reduce wages. Our citizens are indignant over the Associated Press report and are taking every means to place the matter in its true light.

| CARTER G   | IVES IT UP.            |
| His Message to the I   | President-Views of the |

Campaign Managers. NEW YORK, Nov. 10 .- It was nearly noon when Chairman Carter, of the Republican national committee, arrived at his headquerters this morning. He admitted to the Luitel Press reporter that the "jig was up" so far as the result was concerned. He said he would issue a statement for publication to-morrow. He sent the following telegram to President Harrison this after-

The returns show that we have been defeated by a pronounced majority. The defeat can only be attributed to a reaction against the progressive policies of the Republican party.

THOMAS H. CARTER, Chairman.

The Mail and Express has secured interviews with leading Republicans on the result of the late election. Here is what they say:

Chairman Carter said that all calculations, both by the Republicans and Democrate, had been at fault in this State and also throughout the country; and yet these

crate, had been at fault in this State and also throughout the country; and yet these calculations had been made by some of the most experienced, ablest and shrewdest Republicans in the country about their respective States, and they were now dumfounded and cannot account for the tremendous Democratic victories all along the line, which was not foreseen and could not be prevented.

the line, which was not foreseen and could not be prevented.

Mr. Cornelius N. Bliss said he sympathized deeply with President Harrison, both in his bereavement and his present defeat, but it was too soon yet to tell what would be the effect on the permanent welfare of the country at large. Mr. Bliss will to-morrow give up the Republican national headquarters in this city.

Committeeman Joseph Manley said that he had analyzed the returns, and they showed the workingmen in the manufacturing centers of the whole country had

gone against the Republican party, while the agricultural interests, as represented by the farmer vote, had stood by the Re-

publican party.

Hon. James S. Clarkson, of lowa, said that all the best calculations in respect to every State, except his cwn, had been set at naught by the results of the election. He is especially sorry for the defeat of Senator Spooner, Republican candidate for Governor of Wisconsin.

OHIO VERY CLOSE.

Official Count Necessary to Tell Who Carried the Buckeye State.

Columbus, O., Nov. 11 .- At Republican headquarters at midnight official returns on the head of the ticket have been received from fifty-four counties, and with the others carefully estimated, showed a plnrality of 1,460 for Taylor, Republican for Secretary of State. The gains on the official returns have been gradual and steady for the Republicans. The chairman thinks these figures will be about as nearly correct as possible until the official canvass is

At Democratic headquarters they have been receiving additional information all day, and while they recognize the tide is against them, they do not dispute the correctness of the Republican figures. They authorized the statement at 11 P. M. that the figure at hand indicated a small Demo-cratic plurality. They said: "We think it proper to await the official count for the final result." The Democrats are claiming the election of the Cleveland electors by 500 plurality.

Owing to the method of receiving elec-tion returns in Ohio, there is no absolutely certain way of ascertaining the result when such a condition as the present prevails. The method is the same that has been followed for years. It showed gains for Harrison over McKinley's 21,000 steadily, until everybody assumed the majority would not be much below McKinley's. But the later returns rapidly reversed the first ratio and showed astonishing Democratic gains. Now, it must take the official returns to decide the result for President and State officers.

As an instance of the striking variations in the vote in Ohio from that of last year, the official vote of Licking county is interesting. It is: Harrison, 3.619; Cleveland, 6.038; Taylor, Rep., Secretary of State, 4.560; Democrat, 6.004. In 1891 KcKinley had 4,412; Campbell, 5,290. Cleveland's plurality is 2,149, while Campbell's was 878, showing a gain of 1,541 in that country. For Secretary of State the gain is 566.

Harter, Dem., is re-elected to Congress by 2,151 piurality. The result is a great surprise, as Johnson's election was conceded

on all sides until last night. Gives Cieveland 678 Plurality. CINCINNATI, Nov. 10 .- The Commercial-

Gazette, on carefully-compared official and

ties in Ohio and conservative estimates on the other seven counties, estimates Cleve-land's plurality in Ohio at 678. In some parts of Ohio Republican scribes seem to have been figuring for Hamilton county on Taylor's plurality for Secretary of State, whereas Taylor ran 500 votes in round numbers ahead of Harrison in Hamilton county. McKinley Done.

PITTSBURG, Nov. 10 .- Governor McKinley, of Ohio, was in the city to-night, the guest of C. L. Magee. In an interview, he said to a reporter that he could not account for the result of the election. As to Ohlo he was not prepared to give it up yet, having received a telegram from Columbus this afternoon that the State was safe for the Republicans by 3,000 majority.

KANSAS FOR WEAVER

His Electors Will Have Over 6,000 Majority -Simpson Barely Saved from Defeat, Special to the Indianapolis Journal.

KANSAS CITY, Nov. 10 .- At 9 P. M. it is conceded that the Populist-Democratic fusion State ticket has carried Kansas by a majority of from 6,000 to 8,000, and that the Weaver electors will also carry the State by a majority slightly less than this. Returns from all the congressional districts show that the Republicans have carried only the First, Second and Fourth, while the fusionists take the Third, Fifth, Sixth, seventh and one at large, all by majorities greatly reduced from two years age. Jerry Simpson's majority of 7,000, in 1890, has been cut down to 1,000. It seems certain that the Republicans will control the Legislature, which elects a successor to Senator Perkins. Senate returns show nineteen Republicans, nineteen fusionists and two districts doubtful. In the lower house the Republicans have seventy-three,

the fusionists forty-six, with six districts still in doubt, giving the Republicans a good working majority.

An incident of some note is the fact of the election of Harris for Congressman at large. He is an ex-confederate soldier and is the first ex-confederate ever elected to Congress in a Northern State. It is also of considerable interest that he was elected, not by the voters of a single district but not by the voters of a single district, but by the franchise of the entire State, and that State the State of Kansas.

NEBRASKA REPUBLICAN.

Harrison Has a Piurality Over Weaver of About 2,500-The Legislature Close. OMAHA, Neb., Nov. 10 .- The Harrison electors have undoubtedly carried Nebraska by about 2,500 plurality over Weaver. Crounse, for Governor, and the whole Republican State ticket is elected by from 11,000 to 12,000 plurality over Van Wyck. Populist. The result in the First congressional district is very close. Field, Republican, claims his election by 19 plurality. Bryan, Democrat, claims a victory

by 110 plurality. The Republicans elect Mercer, Hainer and Meiklejohn to Congress, and the Independents re-elect Mc-Keighan. The result in the Sixth district is in doubt, with the probabilities that whitehead, Republican, is elected over Kem. Independent.

Sixty counties out of ninety give Harrison 66,262; Cleveland, 20,119; Weaver, 59,691. The Legislature stands on joint ballot: Republican, 61; Democrat, 15, Independent, 45; doubtful, 9. The Democrats and Independents will probably control the election of United States Senator.

THIS IS PRETTY TOUGH. Illinois Gives Cleveland a Plurality of 20,000

and Altgeld, 17,000. CHICAGO, Nov. 10 .- Six hundred and ninety-three voting precincts in a total of 710 outside of Cook county gave Harrison 139,303; Cleveland, 127,507. The vote on Governor is very close to these figures, Altgeld running a little behind Cleveland and Fifer ahead of Harrison. Cook county and Fifer ahead of Harrison. Cook county
has given Cleveland a plurality of 32,000,
and Altgeld one of 30,000. The remaining
precincts cannot alter the result, and it is
safe to say that Cleveland has the State by
20,000, and Altgeld by 17,000. The Republicans in this county have plucked a brand
from the burning by the defeat of Van
Praag for the State Legislature. That and
the victory of Aldrich in the First Congressional district are all they have to con-

The congressional delegation from Illinois will stand twelve Democrats and ten Republicans, as follows: At large, John C. Black, Dem., and A. J. Hunter, Dem.; First, J. Frank Aldrich, Rep.; Second, Lawrence E. McGann, Dem.; Third, Allan C. Durborow, Dem.; Fourth, Julius Goldseer, Dem.; Fifth, A. J. Hopkins, Rep.; Sixth, R. R. Hitt, Rep.; Seventh, T. J. GOOD-BYE, CALIFORNIA,

The Golden State Casts Its Electoral Vote for Grover Cleveland.

SAN FRANCISCO, Nov. 10 .- Sufficient returns have been received from California to show that Cleveland has carried the State by at least 3,000 plurality. Returns are in from nearly three-fourths of the precincts in the State, and those gave Cloveland a plurality of 2,500. Niueteen counties, from which less than half the returns have been received, gave Cleveland a plurality of nearly 500 in 1888. The chairman of the Democratic State committee claims that Cleveland's plurality will be 4,200. The Republican committee admits that the State has gone for Cleveland.

The congressional contest is still in doubt. Three Democrats and three fusionists are elected, and probably three Republicans. The Republican committee admits that the Democrats will have a majority of 1 or 2 on joint ballot in the Legislature. The Democrate claim a majority of from

Connecticut Democrats Cry Fraud. NEW HAVEN, Conn., Nov. 10,-The Union, in an extra edition to-night, publishes the following:

The Democratic State central committee is in possession of evidence tending to show that some of the Republican managers are engaged in a conspiracy to again count out the Democrats who were elected to the State offices on Tuesday. A misleading and illegal form of return to be used under the requirements of the Constitution was sent out from the office of holdover Secretary Walsh. It contains several traps to eaten unwarr moderators upon the subject of over Secretary Walsh. It contains several traps to eatch unwary moderators upon the subject of rejected votes. By counting all of these rejected votes as if they were votes cast against Judge Morris and his associates, the conspirators hope to wipe out the large majority received by the Democratic candidates. It is known that several hundred votes, many of them for Judge Morris, were thrown out for illegality. On this basis Republican Chairman Benton has been claiming to-day that Judge Morris lacks four hundred of a majority.

Both General Merwin, the Republican eandidate for Governor, and Chairman Benton were interviewed to-night on the matter. General Merwin said he believed that Judge Morris was elected by the peo-ple. Mr. Benton said he did not know, officially, whether Judge Morris had a majority or lacked 400 of it, and would not until the official count was announced. As to the allegation that the Republican party in the State is attempting to steal the State offices, he declared the proposition as absurd in the extreme.

Russell Probably Elected. Boston, Nov. 10.-The following letter has been sent to the chairmen of Republican town committees throughout the State by the Republican State committee: The vote of the State 'or Governor is so close that it is considered wise to have a recount, so that the people may be sure that when the result is finally announced it is absolutely correct. We inclose a petition which it is necessary to have signed by ten legal voters of your town, or, if your town is divided into precincts, there must be ten signers who are legal voters of each semi-official returns from sixty-one coun-[Continued on Second Page.]

All the Federal Patronage at New York Said to Have Been Promised by Cleveland to the Thieving Tammanyites.

TAMMANY'S SHARE OF THE SPOILS. Tweed's Thieving Successors Will Have Full

Swing-Republicans Will Go. NEW YORK, Nov. 10 .- The Herald says: "The impression is very general that the federal patronage in this city under President Cleveland will be absolutely at the disposal of Tammany Hall. The mugwamps say that Tammany will get nothing in return for its loyal support of Mr. Cleveland, because the organization had to be leval to escape a rival city ticket. Republicans and minor Tammany leaders say Cleveland will give Mr. Croker everything. because the organization is the Democratio party of this city and promises have been made. The facts are that Tammany will have nearly everything, but not quite all. Mr. Croker, Mr. Gilroy, Mr. Martine and the two or three others privy to the secrets of Tammany's policy have observed a silence so complete on this question from the very beginning of the campaign that not one authentic rumor found its way into general circulation. Success has relaxed this secreey, and the strong reason for its ob-

secreey, and the strong reason for its observation ends with the campaign.

"It was learned, yesterday, that some sort of an understanding—not specific in detail—was reached between Mr. Whitney, Mr. Cleveland's representative in the matter, and Mr. Croker, whereby Tammany was promised 'fair treatment.' A large share of all federal local patronage is Tammany's definition of 'fair treatment,' and, although Mr. Cleveland has not said so, there is no reason to suppose that it is not his definition also. The agreement provides, it is said, that the collector of the port shall come from the country, but that the postmaster shall be a man agreeable to both Tammany and the independent Democrats of the city. The United States marshal, the collector of internal revenue, the naval officer and other smaller offices shall be Tammany's. The Assistant United States Treasurer was not desired particularly by Tammany, but that was allotted to

larly by Tammany, but that was allotted to Mr. Croker.

"An equally interesting question is, 'What will be Mr. Cleveland's attitude with reference to the policy that to the victors belong the spoils? One of the strongest Tammany arguments against Mr. Cleveland at Chicago was the fact that he kept Democrats out of office. One of the favorite slogans was 'Remember partisan Postmaster Pearson.' A member of the Democratic national committee, who is Democratic national committee, who is most intimate with Mr. Cleveland, said yesterday that he had reason to believe that Mr. Cleveland's idea as to the treatment and rewards which good Democrats should receive had materially changed. 'I mean by that,' said he, 'that there will be no more sentimental foolishness about keeping Republicans in office. Their places will be wanted for Democrats after March 4, and Democrats will get the places. Cleveland is a mugwamp no longer, and he will not interfere to keep workers of the enemy in saug berths.''

The result of the election being positively settled, politicians here are turning their attention to the possible make-up of President Cleveland's next Cabinet. Many are also greatly interested, now that the New

dent Cleveland's next Cabinet. Many are also greatly interested, now that the New York State Legislature is known to be Democratic on joint ballot in the probable successor to United States Senator Frank Hiscock, whose term expires March inext. It is said that Governor Flower is ambitious to be the Senator's successor, and that Lieutenant-governor Sheehan wants to succeed to the Governor's office. Democratic politicians generally agree that Gov. Flower will be sent to the Senate if he so desires, and Lieutenant-governor Sheehan will thus become Governor for the unexwill thus become Governor for the unexpired term. Lieutenant-governor Sheehan's friends declare that his splendid achievements during the present campaign in the interest of the Democratic party entitle him to the next nomination for a full term, There has been some talk of Congressman W. Bourke Cockran for Senator, but his friends allege that he does not want that place. It is said that he is satisfied with his law practice and the opportunities he has, with his splendid powers, to make a record in the lower house of Congress, to which he has not been received. which he has .ust been re-elected. The Cabinet state generally figured out

by politicians to-day was as follows: Secretary of State, Thomas F. Bayard, of Delaware; Secretary of the Treasury, John L. Mitchell, or ex-Postmaster-general Vilas, of Wisconsin; Secretary of the Navy, Wm. C. Whitney, of New York; Secretary of War, W. B. Franklin, of New Hampshire; Secretary of the Interior, Isaac P. Gray, of Indiana; Attorney-general, Congressman William L. Wilson, of West Virginia, or Congressman Culbertson, of Texas; Post-master-general, Don M. Dickinson. It has been the generally accepted belief in political circles that ex-Secretary Whitney, who has done so much to achieve the sweeping victory for Cleveland, would be offered the place of Secretary of State by the President, but those who appear to know something about it say Mr. Whitney would prefer to be Secretary of the Navy. if he enters the Cabinet at all.

WILL HAVE TO SEEK THE MAN. Vacant Offices for Which the President Will Have Few Applications.

WASHINGTON, Nov. 10 .- There are a number of vacancies in the higher offices of the executive departments of the sovernment, and the problem of filling them has been considerably complicated by the result of the recent election. These positions are outside of the civil-service law and regulations, and are looked upon as the legitimate patronage of the party in power. Under the present administration all of the places are or have been filled by men of the Republican political faith, as during the last administration they were filled by Democrats. It is expected, of course, that, with the administration changes on March 4, next, snother general change will be made, In view of that fact, the vacancies now existing cannot be regarded as altogether desirable prizes, as in about three months the appointees would no doubt be expected to step down and out. It will be necessary, however, in order that the public business may be properly carried on, that some of these vacancies be filled at once. Although there has been no lack of applications, yet it is doubtful whether any large proportion of them would now be able to accept a place which they must so soon surrender, and in making such appointments President Harrison will probably find that the office mest seek the man, and not the man the office, which will be something of a novelty in his political experience.

In the Postoffice Department there is only one vacancy in the higher offices, and that is the office of the First Assistant Postmaster-general. Colonel Whitfield's resigpation went into effect nearly a month ago, and since that time Mr. Fowler, the chief clerk of the office, has been acting first assistant. Under the law an acting first assistant can only serve thirty days, after which a permanent appointment must be made if the vacancy is filled at all. Mr. Fowler and Mr. Bell, the Second Assistant Postmaster-general, have been
